

YOUR KIND OF LOVER

Now you say you're leaving me,
I just can't believe it's true.
You're my kind of lover,
Wanna little bit of feeling,
Add a little bit of meaning to my life.
Wanna little bit of feeling,
A little bit of sunshine to my life.

I wanna be your kind of lover,
Give a little bit of feeling,
Just a little bit of feeling,
Add a little bit of meaning to my life.
I wanna boogie down with you, brother,
Boogie down with the bassman,
Win love on the grand slam,
I'll be there waiting when you call.

Just step right into my heart,
Come a little closer,
Don't tell me that it's over,
Make a brand new start.
We can work it out just next to nothing,
Work it out, work it out just next to nothing,
With feeling, feeling, feeling, with feeling.

We can work it out,
Let me show what I can do,
I can be your kind of lover.
We can work it out,
Let me show what I can do,
I can be your kind of lover.

I wanna be your kind of mother,
Let's talk about loving right,
Don't talk about doing wrong,
Put a little bit of sense into your mind.
We gotta talk it out man to man,
Make each other understand,
Right now a little happiness would be fine.

Just step right into my heart,
Come a little closer,
Don't tell me that it's over,
Make a brand new start.
We can work it out just next to nothing,
Work it out, work it out just next to nothing,
With feeling, feeling, feeling, with feeling.

We can work it out,
Let me show what I can do,
I can be your kind of lover.
We can work it out,
Let me show what I can do,
I can be your kind of lover.
